DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

800 Cedarcroft Road is an example of the Bungaloid style which was very extensively used in the Govans area. As is characteristic of any bungaloid type, this building is small, relatively simple and built with economy in mind. It is one and a half stories tall and two bays wide. The bellcast gable roof contains one large gabled dormer. The dormer has a triple window with each window containing 6/6 lights. Rafters are exposed under the dormer roof and the projecting eave is supported by large brackets. Exterior wall material is shingle. The porch-veranda is contained within the frame of the house and is supported by two shingled piers. The first story double window has 6/6 lights per window.

800 Cedarcroft Road is located within a residential development of bungalows.
